IMPORTANT:

The post-Christmas mini-soccer programme compiled above is generated using the results received from the pre-Christmas programme. This is why the match return sheets are so important. Submitted incorrectly and it may affect your teams placement and likely opponents.....not submitted at all and it also costs your club money! All the information gleaned from the results coming in this second session are used to formulate the opening fixtures for next season.

In the vast majority of cases, your team will hopefully be coming up against different opponents to those encountered during the course of the first session but there may well be instances where games are scheduled between the same teams for the second time this season. This is more likely in the Under-7 and Under-8 age groups where fixtures are cast on a geographical basis in order to keep the travelling time down. However, fixtures for the Under-9 and Under-10 age groups are configured on an ability basis and therefore earlier performances and results may result in teams being cast together once again.

Where a fixture is repeated for a second time, I may not have 'reversed' the venue. In this situation, and for teams to enjoy a change of scenery, I am more than happy for clubs to agree this between themselves. It is not necessarily important for me to be informed beforehand but PLEASE ensure the match return is completed accordingly with H1 & H2 and V1 & V2 correctly identified and the match scores likewise entered in the correct boxes

Here's to an enjoyable second-half of the season with some good football ahead.

Best wishes

Trevor
